Washington, Nov. 16.—Today's statement of the treasury balances in the general fund, exclusive of the \$155,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$156,586,-678; gold, \$94,115,429. DROPS

THE IRON AND STEEL COMBINE

JUMPS FIGURES ON PRODUCT. Wheat Continues Slowly on the Down

> weekly review of trade tomorrow will Prices of commodities advanced al-

Chicago, Nov. 16.—The session in the wheat pit, save for a few brief punctuations in the shape of incipient rallies, was of long exhibition of liquidation by holders and short seiling by traders looking for prices still lower, although today's trading established a new ow price record for this crop. The news was bearish from start to limish. The market opened under the influence of indifferent cabes, tavorable crop reports and a Broomhall estimate of an Argentile exportable surplus of \$4.00,000 busnels. December, \$400 busnels. December of the most without exception and all the changes in manufactured goods are in the direction of firmer quotations. The smallness of stocks of goods carried is a feature of our reports from most of the leading centers. Scarcity of labor gives manufacturers in the middle states great concern. Activity at Cincinnati steel mills steadily in-creases, and there is an equally uniform advance on the quotations.

cash stuff wanted, and as outsine people showed no disposition to assume the burden of hotding the price, the market sagged off again. December dropped to the first and closed a under yesterday, at the gain has been more general this week than at any previous time this season, pig fron moving up 25 cents a ton and corresponding gains appearing in billets, plates and structural materials generally. Instead of the recent, agitation for cheaper steel rails, there is now talk of an advance to \$28, owing the last hour, however, this support meited away. The wheat weakness was felt and the increased orienins from first hands alarmed longs and encouraged the bears. December broke sharply and wound up in a weak state \$6 down at 354/4055%.

Oats showed just enough movement to indicate that hie had not fled completely. December closed be lower at 21/40.

Provisions were fairly active and rather nervous, at times apparently inclined to stiffen and at other periods ruing week under the volume of product offered. The prospect of a heavy run of hogs next week was a depressing influence throughout the session. January provides time that some advance on the quotations. The gain has been more general this week than at any previous time this season, pig fron moving up 25 cents a ton and corresponding gains appearing in billets, plates and structural materials generally. Instead of the recent, agitation for cheaper steel rails, there is now talk of an advance to \$28, owing to the further rise in steel billets. Orders come forward in the best volume severe inflation of prices, and requests for quick delivery are general. The report of pig iron production on Nov. 1 by the Iron Age, shows a weekly capacity of only 215,304 tons, the smallest since September, 1898, but the reduction of 29,000 tons from Oct. 1, in furnace stocks is most encouraging. The figures, with the activity in all branches of the industry, indicate that there will be no further reduction in output, but the December statement will probably show more than 200 furna naces in blast.

Hides Remain Firm.

Packer hides at Chicago have ceased to advance, but remain firm at top figures, and country hides made further gains. Tanners are not buying eagerly, and offerings are also moderate. Leather quotations are only slightly altered, while most grades are steady at former figures. Eclating butts have advanced sharply.

A temporary flurry in the wheat market on Monday took the December option above 80 cents. It was reported that Wall street operators were turning their attention to grain. Publication of the usual weekly statistics had a depressing effect, however, particularly the enormous exports from Russia, which were a contradiction of earlier statements that the crop was short in northern urope. Liverpoof selling was large, and the realizing soon made a decline of over 2 cents, which exceeded the previous advance. The much discussed advance in meats at Chicago was not heavy, but scarcity of first quality fresh eggs has brought very high prices.

Failures for the week in the United States were 217, against 219 last year, and 33 in Canada, against 20 last year.

Ogden Briefs. T. P. Lewis has disposed of his cigar stand and business on Twenty-fifth street to Mr. Flsk.

New York, Nov. 16.—The Times prints the following:
George R. Loving of Fort Worth. Tex., is in the city for the purpose of forming a cattle combine, and it has been reported that John D. Rockefeller is to be interested in the company. When Mr. Loving was seen at the Waldorf Astoria, he said that the company which he was endeavoring to form was not a trust in any sense of the word, and that Mr. Rockefeller, so tar as he knew, was not to be interested in the company in any way. He said that he was in New York last spring on the same mission which brings him here this time, and that he had expected to form the company at that time.

Mr. Loving said that the company would not attempt to control prices at all, but that it was the intention of those who are promoting the company to purchase about \$5.50,699 acres of land in Texas, near the line between Texas and

the new company will be capitalized at about \$12,000,000.

Mr. Loving says that he was not improved in the company. Who are to be the stockholders Mr. Loving declined to be the stockholders Mr. Loving declined to be the stockholders Mr. Loving declined to say, but he wished it distinctly understood that the new company has no connection whatever with the least not capitalized at about \$12,000,000.

Samoans Deep In Debt.

San Francisco, Nov. 16.-The native san Francisco, Nov. 16.—The hative officials of Samoa are doing good work, but so far without pay. The time is declared to be opportune for demanding taxes from the natives for revenue purposes. At the present time they are overloaded with debt, created by past contracts for the building of churches and heate and in over-realously makand boats, and in over-zealously making subscriptions to the Mission society which appear to be out of proportion to their earning powers. It will probably be necessary for the government to

Dewey Arch Is No More.

Dewey Arch Is No More.

New York, Nov. 16.—A dozen men with pickaxes, crowbars and shovels appeared at Madison Square at midnight to begin the work of removing the Dewey arch. In a few minutes the laborers' pulled away the heavy coating of staff around the base of the pedestal situated on the park side near Twenty-firth street. A crowd collected around the men. Relic hunters by the score appeared and each sought to obtain some section of the sculptured figure of "Victory," which ornaments the front of all the columns. The skeleton of the column was laid bare in a few minutes and the woodwork was torn apart and laid on the sidewalk. The work was done under the direction of a foreman of the department of streets and highways.
